

Health and Safety Policy Statement

Conneely Construction Limited will comply with its legal duties in order to provide a safe and healthy working environment for its employees and others affected by its activities. It will take positive action to ensure that other contractors' employees and members of the public do not have their health and safety adversely affected by the work operations of the company.

The company will seek to ensure that each company with whom it contracts or subcontracts aspires to a similar high standard of health and safety management.

In recognition of the importance that this company places on the engagement and wellbeing of its employees, the company will:

- Consult, on health and safety matters, with its employees and others who may work under its control to ensure that the arrangements for health and safety management are practical to implement and effective
- Ensure that accident and ill health prevention is provided the highest priority, commensurate with business objectives, within all company operations
- Investigate lapses in health and/or safety performance and implement remedial actions to prevent, so far as is reasonably practicable, their recurrence
- as far as is reasonably practicable, fully and effectively control the health and safety risks arising from its work activities, in co-operation with employees, other contractors, clients and other relevant parties
- ensure that all plant and equipment owned, used or hired by the company is appropriate, safe to use and properly maintained, inspected and tested
- ensure all employees are provided with adequate supervisory training, information and instructions to competently carry out their work activities
- ensure that all working places are maintained in a safe and healthy condition
- provide adequate resources, including sufficient finance, and access to competent health and safety advice, to achieve the aims of this policy

This policy will be reviewed and amended at regular intervals and all directors, site management, supervisors and operatives will be made fully aware of its content and their role in implementing it.

Paul Conneely
